

# Did you know?

## Our advocates in the community

- ▶ There are 146 Area Committees across our three regions.
- ▶ Area Committees are made up of elected St John members and appointed members, many who come from outside the organisation.
- ▶ They are members who are passionate about their community, St John and to making sure the needs of their community are being met.
- ▶ Their role is to engage with the wider community, advocate, support and fundraise for St John.
- ▶ No two Area Committees are the same, each undertaking their roles in different ways and tailoring it for their own communities.
